- Lock up shed, 3 phase power and machinery shed for tractors and equipment

This impressive rural holding set on the very edge of the postcard scenic township of Gloucester is without doubt the most outstanding property to be marketed in the area for many years. The magnificently luxurious four-bedroom home, has an undeniably spectacular location, build quality and design to capture the commanding view of the Bucketts and surrounding land.

The property encompasses approximately 200 acres of outstanding high production river flats with 1.75 km of prime Gloucester River frontage, which has cropped corn, lucerne and improved pasture. The balance of the land is mainly quality ridge loam which has had multiple applications of lime, fertiliser and chicken litter. A large lock up work shed, 3 phase power, shower facilities and large machinery shed for all storage of tractors and required property equipment in excellent condition just keep adding to the vision of this immaculate property.

Steeped in the area's history, Nicarlee Park is for the discerning purchaser who wishes to have the absolute best Gloucester has to offer, with a master-built residence and outstanding improvements on high quality pastoral land with the possibility of a residential landbank in the future – all just under three hours from Sydney.

Inspection strictly by private appointment only.
